

Adventure Patch is a childcare service that brings adventure back into your child's day. We offer multiple care options including long day care, outside school hours care and vacation care in the greater Hobart region. We also offer a state-wide Family Day Care service through the Kingborough Family Day Care and Launceston Family Day Care communities.

Adventure Patch has been created to inspire children to explore and grow. We encourage your child to discover the outdoors, to get messy, to take appropriate risks and learn about life through open ended play.

Our childcare Educators are the driving force behind our whole of organisational approach to fun in childcare. We're encouraging the community to return to the basics: play, adventure and fun within caring and safe boundaries.

We are about creating connections with nature and exploring the things that spark your child's curiosity. Embracing what inspires your child allows us to help them learn in their own individual way.

Adventure Patch is a community organisation that stands by the philosophy of choice. We know that children are competent beings and with the right encouragement, their development can be enhanced by promoting freedom to play and fun.

Enrol Your Child today and together we can inspire and support the next generation of children to grow, explore and play.
