

Vacation Care Xplor Bookings

When mobile bookings are turned **ON**
it is possible to get instant confirmation of booking

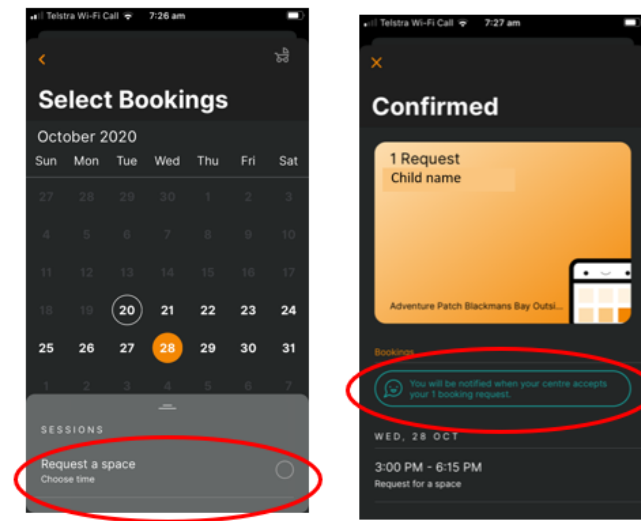

When mobile bookings are on, it is possible to choose a booking directly (image 2) and receive instant confirmation (image 3).

You can view your bookings by clicking on the date in the calendar.

Mobile bookings are turned **ON** three weeks prior to Vacation Care commencing.

When mobile bookings are turned **OFF**
it is only possible to request a booking

When mobile bookings are off, there is only the option to “request a space” (see image 1). The word “confirmed” in image 2, refers to the request being successfully made. The booking request needs to be actioned by the service and you will be notified through Xplor if the booking request has been accepted.

Mobile bookings are turned **OFF** when Vacation Care commences at each service.
